Hosted by: Canadian Association Step by Step

CASS is a not-for-profit organization dedicated to improving health care and educational opportunities for disabled children and their families in Jacmel, Haiti.

PAZAPA is a school in Jacmel, Haiti that offers hope and a future for children with disabilities. The word 'pazapa' is Creole for 'step by step'. Inclusive outdoor play is critical to the physical, emotional and social development of students at the school who currently have no play structure.

This year, we're raising funds to build an accessible playground on Pazapa's property so these children can experience something many of us take for granted - the joy of safe, fun and active outdoor play.
